In the course of our work with parents/carers, children or young people we may be privy to information that is sensitive and personal;

Data may be used to generate statistical information about service performance. Data will not be used in such a way that individual parents/carers, child or young person can be identified;

Although linked to the Local Authority's database, the Hartlepool SENDIAS Service section is only accessible to the Service personnel and named IT support specialists, who are fully aware of and adhere to this Confidentiality Policy;
- Records kept on the database include concerns or issues raised and the action taken. Parent/carer, child or child or young person have the right to ask to see the information we hold about them;
- Although support may not be required on a continuous basis many parents/carers, child or young person need support at different times throughout education e.g. transition from one phase of education to another, change of school, and support at Annual Review. education or moves to another Local Authority Area. Any paper records will be archived in accordance with the LA retention policy;
